Dear Don, Rob, Wilbur and Tom:

**I agree!** The proposal before Worthington ISD voters, Feb. 13, 2018, is *Tax Waste*.

Our children need a good education, but this proposal is again too much! It is a serious risk to renters, home owners, businesses and other property tax payers alike. And this could stick with us for years to come, working to undermine our local economy in this time when Minnesota and the nation face a very challenging economic future.

That's why I want to help the WCPC stop this extravagant proposal, too. I will -
